## ABOUT ME

Computer science graduate from a small town. I'm passionate for sports, technology, and helping others. I'm always looking for new ways to learn and grow. I'm also a big believer in work-life balance, and I'm always looking for opportunities to travel and explore the world at my pace and enrich myself with it. I'm a curious and adventurous person who loves to learn about new cultures and experiences. I consider myself a dynamic and detail-oriented individual, able to think quickly and creatively, but I also have a keen eye for detail. I'm able to work independently and as part of a team, and I'm always willing to go the extra mile. I find joy in helping and collaborating with others I'm a team player who loves to help others succeed. I'm always willing to share my knowledge and expertise, and I'm always looking for ways to collaborate with others on new and exciting projects.

## EXPERIENCE

### Associate Outsystems Developer

#### NotEqual Lda

January 2023 – September 2023 Lisbon, PT

- 9-month internship where was implemented an internal full-stack application to develop knowledge about Full-Stack Development and Outsystems.
- Collaborated in a team to develop a hybrid application for meal planning tailored to large kitchens/restaurants, leveraging OutSystems for rapid application development.
- Took the initiative to design and build a BDD Testing Application independently, enhancing automated testing processes, with guidance from the project manager.
- Gained hands-on experience in agile methodologies, problem-solving, and OutSystems environment.

### Undergraduate Project

#### Universidade Lusófona

September 2023 – June 2024 Lisbon, PT

- 9-month project during the BSc in Computer Science
- Development and deployment of a Back-Office Web-Application able to manage project features, all back-end and front-end applications were developed using Python's Flask, hosted locally on a Raspberry Pi, utilizing MariaDB.
- Gained hands-on experience working with Raspberry Pi, GPIO hardware components, Python, SQLite, HTML, CSS, JavaScript
- This was a specially hard project which I had the opportunity to collaborate with a classmate

## SKILLS

**Technical Languages:** Outsystems, Kotlin, Java, Python, Powershell, SQL  
**Frameworks:** Django, Python-flask  
**Databases:** MariaDB, MySQL  
**Areas of Interest:** Full-Stack Development, Outsystems, AI, Cyber Security,  
**Others:** Git, Linux, HTML, CSS, Markdown, JavaScript

## CERTIFICATIONS

- Outsystems: Associate Reactive Developer

## LANGUAGES

- English: Fluent Speaker
- Portuguese: Native Speaker

## EDUCATION

### BSc Computer Science

#### Universidade Lusófona de Humanidades e Tecnologias - ULHT

2017

## SOFT SKILLS

Team Worker Clear Communication  
Time Management Adaptability  
Self-Learning Attention to detail  
Curiosity Cultural awareness  
Ethical awareness Customer focus  
User focus Positivity  
Adaptable communication styles
